Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been receiving a compounded hormone  
treatment from Madison Pharmacy Associates for years. Before  
I found out about them I experienced debilitating symptoms  
such as depression, anxiety, anger and I basically was at  
times "out of control". I personally object to "inordinate amount"  
I for one would hate to be one of the people that would  
not receive my prescriptions. I can't imagine living the  
way I did 10-15 years ago - Please do not limit the  
number of prescriptions that can be shipped out  
of state!

Thank you -
